NATIONAL TREASURY CIRCULAR NO 3 OF 2015/2016

CENTRAL SUPPLIER DATABASE

1. PURPOSE

- 1.1 The purpose of this circular is to inform departments, constitutional institutions and public entities listed in Schedule 2 and 3 to the Public Finance Management Act (PFMA), 1999 (Act No. 1 of 1999) about National Treasury's single platform, the **Central Supplier Database (CSD)**, for the registration of prospective suppliers including the verification functionality of key supplier information.
- 1.2 This circular is also aimed at informing accounting officers and accounting authorities of the current transitional arrangements prior to the mandatory application of the CSD with effect from 1st April 2016.

2. BACKGROUND

- 2.1 In terms of section 38 (1) (a) (iii) and 51 (1) (iii) of the PFMA, the accounting officer of a department or constitutional institution and the accounting authority of a public entity listed in Schedule 2 and 3 to the PFMA must ensure that their respective institution has and maintains an appropriate procurement and provisioning system which is fair, equitable, transparent, competitive and cost effective.
- 2.2 It is also a requirement that, all goods and services procured through quotations, should be sourced from suppliers listed in the institutions prospective supplier database. However, the process of registration and verification of supplier information has not been uniform and standardised for all organs of state, making it difficult to do business with government.
- 2.3 The National Treasury decided to establish and administer the CSD, as well as facilitating the verification of supplier information on behalf of all Departments,

National Treasury Circular of 2015/2016 : National Central Supplier Database

Constitutional institutions and Public entities listed in Schedule 2 and 3 of the PFMA to avoid the multiple registrations by prospective suppliers with each organ of state they intend doing business with and the discrepancies resulting from the verification process done by institutions.

- 3.1 In the transitional period until 31 March 2016, accounting officers and accounting authorities are required to commence with the migration of their current supplier database to ensure accuracy and validity of information prior to mandatory implementation to the CSD.
- 3.2 Taking cognizance of paragraph 3.1 above, it would not be necessary for institutions to renew their own lists of prospective suppliers as per paragraph 5 of National Treasury practice note no 8 of 2007/2008 dated 29 November 2007.
- 3.3 However, institutions may invite and accept price quotations from their current existing lists of prospective suppliers and utilise the CSD for the verification of key information related to bids received until 31 March 2016 when complete registration and verification will be performed on the CSD.
- 3.4 With effect from 1 April 2016, institutions may not extend any existing contracts for computerised database systems that record details of their prospective suppliers and may not institute any new computerised databases systems for management of their list of prospective suppliers without a written approval of the National Treasury. Any computerised database systems in departments, constitutional institutions and public entities that are operational during the transition period, may be utilised until the expiry of contracts related to such systems. In cases where existing contracts expire during the transitional period, such contracts may be extended but not beyond 1 April 2016 without a written approval of the National Treasury.
- 3.5 During the transitional period, institutions must obtain a **Supplier Number** and **Unique registration reference number** to verify a prospective supplier's key information on the CSD.
